#### **PROFILE SUMMARY**

Enthusiastic and self-motivated entry-level Data Analyst with strong skills in Python, SQL, Excel, Power BI and Tableau. Currently pursuing a Bachelor's degree in Computer Applications. Adept at data cleaning, exploratory data analysis, and dashboard creation, with hands-on experience in real-world data projects. Quick learner with strong analytical and problem-solving skills, eager to contribute to data-driven decision-making in a dynamic organization.

#### **SKILLS**

- Programming & Querying: SQL, Python, Java, JavaScript
- Data Visualization: Excel, Power BI, Tableau, Google Sheets
- Databases: MySQL, PostgreSQL, SQL Server
- Libraries: Pandas, NumPy, Matplotlib, Seaborn
- Platforms/Tools: Jupyter Notebook, PyCharm, Visual Studio, Git, PowerPoint
- Other: Data Cleaning, Data Validation, Power Query and Power Pivot, Exploratory Data Analysis (EDA), Report Automation, Data Storytelling
- Soft Skills: Analytical Thinking, Collaboration, Time Management, Communication

#### **EDUCATION**

#### **Bachelor Of Computer Application**

Utkal University, United School of Business Management, Bhubaneswar, Odisha

GPA: 8.5 | July 2023 - June 2026

#### **Diploma in Plastics Mould Technology**

Central Institute of Plastics Engineering & Technology, Haldia, West Bengal

Grade: A | July 2017 - June 2020

#### **WORK EXPERIENCE & INTERNSHIPS**

#### **Data Analytics Intern**

Cognifyz Technology (Remote) | Apr 2025

- Analyzed large datasets using Python (Pandas, NumPy) and visualized insights with Matplotlib and Seaborn.
- o Performed data cleaning, preparation for uncovering actionable insights.
- Applied statistical analysis and developed visualizations to support business decisions.

# **Data Analytics Intern**

Unified Mentor (Remote) | Feb 2025

- $\circ$  Utilized Python, SQL, and Tableau for data cleaning, exploratory data analysis, and reporting
- $\circ\quad$  Developed dashboards and performed statistical analysis on real-world datasets.
- o Improved data quality and reporting efficiency through automation and visualization.

# **Operations Supervisor**

Western Carrier India Limited, Jharsuguda, Odisha | Dec 2021- Nov 2023

- Managed day-to-day logistics and supply chain operations, ensuring timely delivery and inventory control.
- o Implemented process improvements that reduced transportation costs by 15%.
- o Coordinated with suppliers and vendors to maintain optimal stock levels.

# **PROJECTS**

# Wave Shoes Sales Store | [ Project Link] | Dec 2024

- Built an interactive Sales dashboard in Google Sheets to track daily and monthly sales.
- Automated sales summaries by product and region using formulas and pivot tables.

# Restaurant Orders Analysis | [Project Link] | Jan 2025

- Queried and analyzed restaurant order data using MySQL to assess item frequency, revenue, and time trends
- o Performed data cleaning and normalization for accurate analysis.

# EV Sales Analysis in India | [Project Link] | Mar 2025

- o Analyzed electric vehicle sales data across Indian states using Python, Pandas, and Seaborn.
- Conducted exploratory data analysis to identify top-selling vehicle types and state-wise adoption rates.

# **CERTIFICATIONS**

# My SQL Data Analysis (Maven Analytics)

Performed real-world SQL queries to analyze business datasets and derive insights.

# Microsoft Excel Beginner to Advanced (Udemy)

o Built dynamic dashboards, used VLOOKUP, Pivot Tables, and automation tools.

# Python Foundations for Data Analysis (Maven Analytics)

o Applied Python libraries (Pandas, NumPy) to perform data cleaning and exploratory data analysis.

# Power Query, Power Pivot (Maven Analytics)

 $\circ\quad$  Automated reporting and data transactions for Excel-based analysis.
